■ Visa requirements:

The regulations for obtaining visas change from time to time. In addition, embassies in individual countries are given certain leeway in applying them. Students from non-EU countries are required to apply for a student visa. As processing a visa takes several weeks, usually up to 2 months, it is highly advisable to apply for it immediately (students will receive written confirmation about their official acceptance at MU). The confirmation of their accommodation at Masaryk halls of residence will be mailed directly to the Czech Embassy or the Czech Consulate General Abroad).

Type of visa	Validity	Mobility length
Long term visa for the purpose of studies	up to 12 months	semester exchange/two semester exchange

All students coming with a visa are required to purchase a health travel insurance plan which complies with Czech visa requirements. Students will receive further details on the health travel insurance after acceptance at MU.

See [web pages of the Czech Ministry of Foreign Affairs](#) for more details.

Is a student visa required in the Czech republic?	Students from non-EU countries are required to apply for a student visa and be in possession of a visa at the time of entering the Czech Republic. The visa sticker cannot be picked up after arrival in the Czech Republic.
Is a special health travel insurance plan required?	Yes, for visa applicants (see above and below)

■ Academic related information

The student's home institution sets the policy regarding the award of credits for coursework completed at Masaryk University. The student is responsible for knowing the home institution's policies and procedures regarding this matter.

However, Masaryk University does require exchange students to take at least 20 ECTS credits per semester

- Minimal ECTS workload to keep MU student status: 20 ECTS per semester
- Regular ECTS workload in order to graduate in the regular number of years: 30 ECTS per semester.
- Students and the home-university coordinator are emailed the transcript of records by CIC MU. Additionally, the original is sent only to the home-university coordinator.

■ Grading system

At Masaryk University, the ECTS grading system is used. The number of ECTS credits for each course reflects the number of hours a student is expected to devote to the course per week (in the form of lectures, homework, reading, essays, consultations, etc.).

The following scale of grades used at Masaryk University is a part of every transcript of record.

Courses with the type of completion „zk“ (zkouška – examination) or „kz“ (klasifikovaný zápočet – graded credit)

Grade designation	Grade	Value	Grade designation	Grade	Value
Excellent	A	1	Satisfactory	D	2.5
Very Good	B	1.5	Sufficient	E	3
Good	C	2	Failed	F	4

Courses with the type of completion „k“ (kolokvium – colloquium) and „z“ (zápočet – credit)

Grade designation	Grade	Recommended equivalent grade for recognition at home institution
Requirements fulfilled	Pass	Pass or A
Requirements not fulfilled	Fail	Fail or F

Note for MU grading system: It is impossible to issue attachments to the MU transcript of records with estimated equivalent evaluation/percentage rate used at the student's home university. Herewith, it is advisable to make sure there is a policy at the home university that it enables the student to convert the ECTS grades into the evaluation in use there.

■ Scholarship

All nominated Erasmus+ grant holders are entitled to a grant of 800 euro/month for students and 140 euro/day for staff. The scholarship is paid upon arrival and after signing all required documents. The final amount of scholarship depends on the real length of the mobility as well as on the ECTS credits achieved. For more information see the rules of the programme.

■ Travelling

The Erasmus+ programme supports students for their return tickets. Once the students get a visa they will be offered a travel itinerary and will be informed if the project covers the entire amount of the ticket. More information can be found in the mobility profile of each grant holder.

Brno has an excellent public transport system that serves the city and its surroundings. Directions and map locations of university buildings are available at http://www.muni.cz/general/mu_quarters/complex_map/23 or [Google maps](#).

The International Student Club will arrange for a Czech student to wait for a foreign student at the place of his/her arrival in Brno. In addition to arrangements for registering for courses and obtaining all the various official documents, a typical orientation week includes tours of the university and its facilities, lectures on Czech culture and Czech society and on the Czech university system, a Czech language crash course, a welcoming snack with Masaryk University teachers and students and a tour of Brno.

There is a fee for participation in Orientation week (app. EUR 20/ USD 30). Students are supposed to pay for the Orientation week on-line (they will be given the information from the MU coordinator approx. 2 months before the beginning of the semester).

■ Transcript issuance

Full Year: after the second exam period

The procedure each student should follow in order to ensure timely processing of transcripts: Masaryk University has an electronic system of registration of

courses whereby transcripts are issued when teachers fill in the grades for the courses they taught. Each student can access his or her authenticated study agenda and check the state of the grade completion, i.e. see what grades are missing and contact the teacher concerned to load the grade into the system. The student should make sure that he/she has cleared all financial arrangements with the host institution in order for the academic transcript to be sent to the home university. ■ How to get to Brno?

An easy way to get to Brno from Prague International Airport (Praha Ruzyně) or from Vienna International Airport is by taking the Student Agency bus. Tickets are available in the Student Agency ticket office at Prague International Airport, Terminal 1 or with the bus driver for the Vienna connection or on-line at <http://www.studentagency.eu>.

A general website about the transport connection within the Czech Republic is accessible at www.idos.cz. Find information there about all connections which go from Prague to Brno.

There are also many train connections from Prague Main Railway Station directly to Brno Main Railway Station. In addition, there are also coach lines from the Prague Bus Main Station, Florenc, to Brno (see www.idos.cz). The only hitch could be travelling from the airport to those stations and terminals within Prague. In this regard I recommend that you take a cab.

See the detailed description how to travel to Brno [here](#).
